Labour Planning Disgrace!

Four Labour councillors voted in favour of the Goss Site planning application at a stormy planning meeting on 2nd July and forced it through over Lib Dem objections. The application is for 124 new flats and houses on the narrow site between Victoria Road and Fulbourne Road.

Your **Chapel End Focus Team** members had asked local residents for their views, with large numbers saying there were too many houses with not enough new parking or school places (see chart opposite). We passed this information to **Lib Dem Councillor Liz Phillips** who expressed these concerns at the meeting and voted against. Liz said, "I was impressed at the large turnout of local residents opposing the applications, and I was especially worried about the parking and the impact on the McDonald Road Healthcare centre".

Focus Team member Tulat Raja said, "How can Labour feel they represent the residents when they do not stand up for local concerns when it matters."

Cleaning up Chapel End update

BEFORE

Anti-social fly-tipping continues to be a problem in Chapel End, and the focus Team have worked hard to clean up the environment. On a recent ward walk, **Focus Team member Sean Meiszner** had this mess of wood-chippings cleared up near **Garner Road**. If you know of any fly-tipping, let the Focus Team know so that we can have your area cleaned up quickly and effectively.

AFTER - with fly-tipping cleared.

Local resident **James Goodman** has now joined the Chapel End Focus Team. **Focus Team member Matt Lake** welcomed James, saying, "James has already proved himself an enthusiastic and hard-worker committed to working for the community." James Goodman said, "I'm especially enjoying the work on local surveys to find out what local residents really think, and I'm looking forward to doing what I can for education and keeping the streets clean."
